Intcomex Cloud Operations

Como saber el precio de un servicio?: Introducción

- El precio, es el valor que se asigna a un producto o servicio, este cambia habitualmente según lo considere el fabricante
- Veremos tres tipos de precio por cada producto, el costo al partner[purchase price], precio al cliente final[selling price] y el precio minorista estimado [ERP][suggested retail price].
- Los precios al cliente final[selling price] pueden ser modificados según la necesidad de cada partner, tomando de referencia el ERP.
